---

Founded in 1870, the Natick Historical Society (NHS) is one of the oldest local historical societies in Massachusetts. Since its incorporation, the NHS has remained an independent nonprofit that thrives on the generosity of donors and grantors and receives no municipal funds. Our mission is to build community by inspiring connections to local history. Visit us at the Natick History Museum and Archives in our historic building at 58 Eliot Street in South Natick.

## Pledge Your Support Today

The funds we raise will support our “On This Land” program for Natick’s third-graders, historical walking tours, student internships, public programs, research, and collections care.
